Birdy,

I here can't be words to explain our friendships and the way I feel. You have been more than a wonderful sister to me. I think it is wonderful the way we have gotten along together.

I will never forget the times we have had together and the many things, funny and serious, we have shared. They mean so much. I thank you for all you have done for me! I will never forget. If there is anything you ever want, you can have it for the asking. I can truly say you are the nicest most wonderful girl I have ever run around with. Your family has been my family.

I know we will have many more glorious years to spend, but it sure is hard to think of you leaving this year. Just don't know what I'll do. W-r-i-t-e don't you guess? We will keep the mails going anyway.

Just can't wish you success and happiness because I hope you have more - what ever that is. It couldn't happen to anyone any better because you are the best. They just don't come any better. Ronnie sure is lucky!!! - - -

Don't ever forget last summer ('60 - I spent with you and "Granddaddy"), I know I won't. That summer means more than any and was the happiest I have ever spent. Remember those nights we stayed up so so late - - - And those "The Early Birdy Gets the Worm" mornings!!! Those were the days. All the parties - rides and ect. Don't forget all of the fun we had riding around with the "gang": all of the good times. Well out side of my sweet dream!!

I can't seem to put things into the ~~right~~ right words, but you know what I want to say and feel - that's what counts.

Yes, we sure have had our problems to talk over, I just don't know what I would have done if I hadn't had you to come to. But you are always there ready to help at any time - that means so much, I thank you again and again ----

I know you and Ronnie will always be happy - I am sure we can go a long long way. May you always have "love" and happiness throughout life.

I always remember what I told you of how much you and Mike mean to me and always will. Love and friendship is something that just doesn't pass in a day and it won't. I sure you introduced me to Mike!!

Don't forget the way going around together from just seemed natural. Now a wonderful friendship can

There is so much I to say that two pages or words couldn't express. Truly my most dearest friend anyone could have

so thankful God you for two of the wonderful years

shall never forget one moment of it. If everyone could just have shared they would know how much a true friend really means - not money but love and friendship.

May God always be there with you wherever you go to guide and protect you - I know He is and always is. He has a way of being there when He is needed - doesn't He?

Love you always,  
"Betti" Ann

I just can't stop now, I could write on every page in this and then some I think, but I guess I had better let the rest tell what a wonderful person you are. May you have every wish granted you that I can see fit. After all I know best what is good for me at this getting late now and I guess I had better stop anyway.

Love ya,  
"Betti"

# “A HIGH SCHOOL IS A PLACE FOR THE COMMUNICATION AND CIRCULATION OF THOUGHT....

## PROLOGUE

The idea of a high school is not symbolized by the walls of the building or the tools of learning that it contains, but it is represented by those who come within these walls to make use of these tools. Each person contributes individually to the composite by his thinking, his ideas, and his actions. As individuals mingle in classes, extra-curricular activities and social functions, their personalities merge with the standards of the represented communities and the policies of the school to form the unmistakable image of a high school.

In this volume the Jeb Staff has attempted to present this idea of Stuart High School to you in a new and different way.

...A PLACE TO WHICH  
STUDENTS COME FOR EVERY  
TYPE OF KNOWLEDGE.

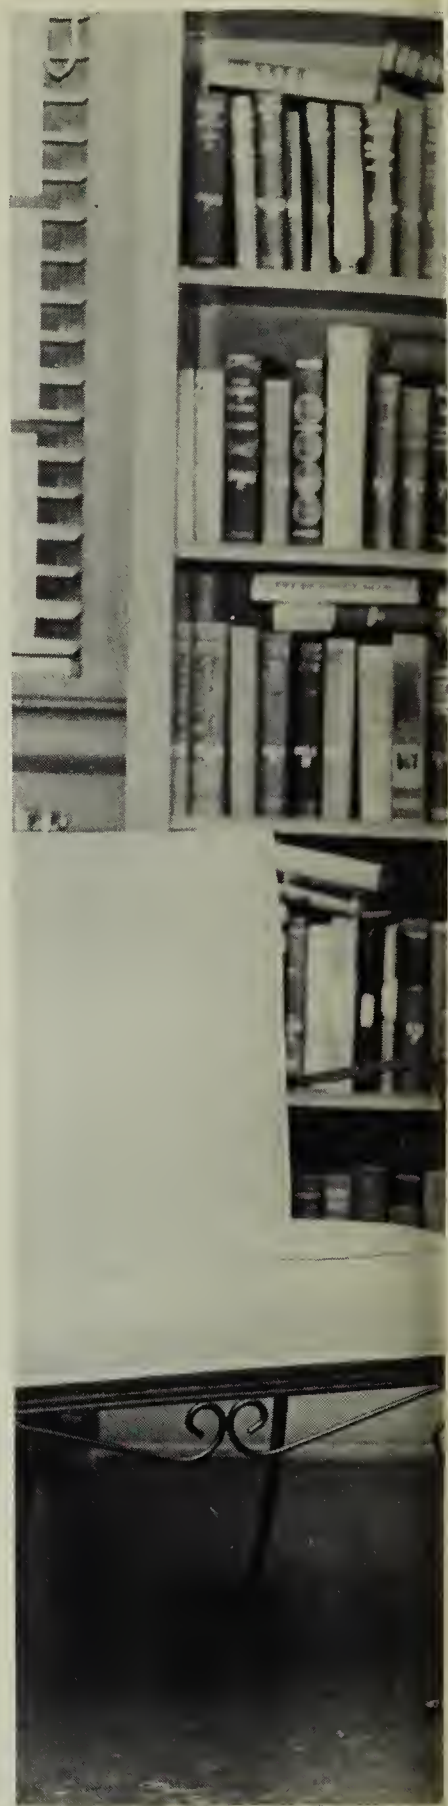

*Best Wishes  
to a nice  
girl with an  
excellent personality.

## AMERICA'S YOUTH

In the hands of America's youth rests much of the responsibility for the future peace, prosperity, and progress of the world. Future decades will see today's young Americans as the citizens who are molding the policies and building the strength of our nation. Therefore, it is necessary that the adults of today make extra effort to guide and train them well. But youth must realize that the problems of the future will be more difficult to solve than those of the past, and they must determine to grow to maturity as intelligent, well-informed citizens, realizing their heavy responsibility.

All of our tomorrows rest in your hands. Care for them well as you work for a stronger and better America and a more peaceful world.

So, to you, America's youth, we dedicate this, The 1961 Jeb.

Dancing at Junior-Senior Banquet

We, the class of 1961, will always remember the hard work we did and the good times we had while making preparations for the 1960 banquet and prom. But most vivid of all will be the memory of the banquet itself when we were magically transported into the colorful atmosphere of "Mardi Gras."

The F.F.A. is a national organization of pupils studying vocational agriculture.

It is an intra-curriculum activity, having its origin and root in a definite part of the school curriculum--vocational agriculture. Among other things, members learn through active participation how to conduct and take part in a public meeting, to speak in public, to buy and sell cooperatively, to solve their own problems, to finance themselves, and to assume civic responsibility. The foundation upon which the Future Farmers of America organization is built includes leadership and character development, sportsmanship, cooperation, service, thrift, scholarship, improved agriculture, organized recreation, citizenship, and patriotism.

## Principal's Message

In our time we have seen numerous changes in our way of life both from an economic and cultural viewpoint, but some of the most marked changes have taken place in man's thinking. We no longer express ourselves as we did even ten years ago, and certainly we did not expect to see many of the happenings that have taken place in such a short period of time. I am certain that education of youth has been a prime factor in bringing about many of these changes, and I am more certain now that the existence of our nation and world depends upon the education of our youth, not only from the amount of facts they may accumulate but also their ability to stimulate growth of a better world.

It is the aim and purpose of Stuart High School to help all individuals that pass through its portals to become aware of their responsibility to their fellow man and in turn find a niche for themselves in order that they might better serve their country. The responsibility is a grave one and deserves the cooperation of every one.

To the Annual Staff I offer my congratulations for a job well done, for this year-book will be a memory to each of us in years to come. Without your cooperation and devotion to this project, it would not have been possible.

Graduation is a milestone in our lives, the divider between adolescence and adulthood. Behind us are the happy, carefree days of our high school careers; ahead we foresee a promising and challenging future. Whether we continue our educations or begin to work immediately in industry or on farms, it is our task to make this future a reality.

Dear Senior Class of '61:

You are now completing your public education and it is in order to extend to you "Congratulations" for your perseverance and final achievement.

You are standing on the threshold of a new and exciting life. Commencement is truly the beginning--the beginning of greater accomplishments and greater responsibilities. Judy,  
 We finally made it. Can you actually believe were seniors.  
 you know we've really had some wild times in our high  
 school years. It all began in the 8th grade with our first  
 real loves - Remember those notes we used to get in study  
 hall. The 8th grade was really fun, but the 9th grade beat it!  
 How about that algebra class - Poor old Mrs. Clark. Janet  
 I think you should pass the ball with one hand instead  
 of two. Remember our trying to tell Mrs. How to play volleyball.  
 about the way she sat on the  
 back - wow  
 Dolly - I'll never forget that night in T.O.'s parking lot... trying  
 to drive. Remember driving around in love - Dolly what a  
 blast. You know that is really a night to remember.  
 Don't ever forget those joy rides we used to go on. You know  
 sometimes I wonder how much time this. Boy we gave that  
 cotton mill road a  
 playing basketball in the 4th grade. Remember, basketball  
 with the great big seniors. Dolly and I know mine the  
 great big seniors. Don't you forget the bus trips and  
 you sitting with Mr. P. Wow what a bus - On the 10th grade  
 we were still little devils. Always in and out of trouble.  
 I but you said I have been in and out of that office more  
 than any of the girls in school. I don't know what to  
 say - the 10th grade was out of this world  
 to be a senior - wow!!  
 papers for Mrs. Mavis, when we should have been studying  
 ourselves. No the. Remember the fun we had flirting with  
 Charles and Bill. Wicked fun!!  
 you know, Judy, its really been fun through out school,  
 and during this friendship. I hope you have enjoyed  
 this in life you will for - you really, really. It. Dolly  
 had it later most and thank you. I think you'll see  
 the college years for the wild - I would have you to  
 help you. Remember, we - it you'd all remember studying  
 that "Dolly" day. I hope you'll see  
 until you get out of college. Dolly!  
 date of last  
 your friend

### OUR EVER-PRESENT CHALLENGE

The prosperity and individual freedoms we enjoy today are hard-earned gifts from our forefathers and must never be taken for granted.

Each new generation must stand on its own feet and preserve these freedoms. The freedoms we enjoy through the American Way have a high price and must be earned over and over.

W. Somerset Maugham expresses it this way: "If a nation values anything more than freedom, it will lose its freedom; and the irony of it is that if it is comfort or money that it values more, it will lose that, too."

Miss Judy George,  
It just doesn't seem possible that we're "Seniors", school's almost out and graduation is in the hot air we breathe. I have enjoyed going to school with you the past 12 yrs., but especially the last four. Don't forget all the fun (?) we've had in sociology fussing with Mr. Bledsoe and trying to get him off the subject. I hope that you'll always be very happy and have the best success possible. Don't lose your ability to have a good time and make people around you happy. I can truly say that you are just about the prettiest girl I've ever known and now more than deserved best-looking! Please don't forget me and the class of '61! Good luck always, Judy. You deserve it! Love,

May Ann

Judi-

Please don't ever forget all the grand times we have had together in the past 12 years; especially the past 4. Remember when you first got your drivers permit & how we used to spin around T.O.'s Parking Lot? <sup>5</sup>10! Whee! What fun. Remember the week-end I spent with you up at the farm? I can really say that was the nicest week-end I have ever spent. Remember at the Drive-In that night - the first time you met Annie - and remember - I couldn't take my hat off!! Ha!

Judi - you and I have never had a single cross word and regard you as the best friend I have ever had. You have stuck with me through thick and thin and I'll never forget you for it.

Don't forget dear 'a English class and how we have struggled through Homework class!

Don't forget our trips to Martinsville especially the one yesterday! Man, we are stuff in those tickets! Right man? And the night the seniors had that final supper! Hum! What about our senior banquet? Man, what a ride!

All these things I'll remember always and I hope you will too. I'm looking forward to getting home in Martinsville. Judy, remember! I'm always your friend.

Reverie  
"Dad"
